MAY 2022

Empowering Republican women to have an important voice at the political table

Happy Mother's Day

May will be very busy month! For the first time ever, we have a Republican candidate running in every single race in Nevada! Let's make it count! Early voting starts May 28th to June 10th and Election Day is June 14th! Many of you have been working for your favorite candidate, some have applied to be a Poll Worker or watcher. That's great because NOW is the time to step up. We CAN make a difference! Whether it be attending a rally, fundraiser, knocking on doors, making phone calls, placing a candidate's sign on your lawn, or registering voters. There are so many things that we can do to help turn our county and state RED! Let's get those boots on the ground and get them elected. Republican candidates can use all the help we can provide.

Wishing Moms of all kinds a special Mother's Day!

The Declaration of Independence

The immediate purpose of the Declaration of Independence, signed in Philadelphia in 1776, was to “declare the causes” that impelled the thirteen colonies to revolt against British rule. To that end, the famous document contains long passages detailing the ‘abuses and usurpations’ suffered by the colonies at the hands of King George III (1738 – 1820).

The Declaration of Independence was written by the Virginia delegate, Thomas Jefferson (1743 – 1826), was more than a laundry list of complaints. It was also a taut philosophical argument against monarchy and in favor of republican government, which was still considered a radical and dangerous concept in the eighteenth century.

Most European nations at the time were still governed by autocratic monarchies, the Declaration of Independence made the then-controversial assertion that it was “self-evident” that “all men are created equal.” Every citizen, Jefferson wrote, has an equal right to “Life, Liberty and the pursuit of Happiness.”

Furthermore, Jefferson argued, only governments that protect those basic rights could be considered legitimate. 56 men signed the Declaration of Independence, including two future US Presidents: Jefferson and Massachusetts delegate John Adams (1723 -1826).

Reno's Teen Pact Travels to Carson for Government Classes

Thanks to a cooperative donation totaling \$1,500 from WRW and members, MANY students in the Home-School program traveled by bus to Carson City for their government class. Funds helped cover transportation costs. Students observed the work being done in the Nevada Legislature and experienced the political process. These students will discuss what they experienced from this legislative week back in their government classes.
