JUNE 2022

Empowering Republican women to have an important voice at the political table

Happy Father's Day

Hello fellow Nevada Voters!! Yes, that's you! That's me! That's ALL of us! Early voting for the Nevada Primary Election began May 28th. Our Republican Women's Clubs have put in countless hours for our Republican Candidates, and yet we need to continue to do more. The Nevada GOP Headquarters and RWR has Boot Camps every Friday with "Boots on the Ground," and walking in neighborhoods each Saturday through June 11th for our School Board Candidates. Neighborhood responses have been positively outstanding too! They appreciate the reminder. Let's support this valuable program. See the flyer of information in this newsletter. We must and can be successful at the polls this Fall. Call Beau Hamilton at 530-391-8422 if you are interested in being a Poll Watcher. Beau needs 100 more volunteers. Learn how to register voters, talk to your friends and neighbors about our candidates, and encourage them to vote early. While you're at it, invite them to join a Republican Women's Club and get involved. Nevada can become RED AGAIN.

"Every child has a hero. We call ours Dad." Here's wishing all DADS a Very HAPPY FATHER'S DAY!

WRW Supports Our Sister Clubs

Women are strongest when they work together and that's what happened on Saturday, May 14 th , at the Governor's Mansion in Carson City. "Women Supporting Women" was the theme of The Afternoon Tea held by the Carson City Republican Women to welcome their new members. Americanism by Jane Hillerby

YOU'RE A GRAND OLD FLAG

When the United States flag was first recognized by Congress in 1777, it did not have the familiar thirteen stripes and fifty stars that it does today.

Although still red, white, and blue, the flag had thirteen stars and stripes to represent the original thirteen colonies of the United States. Since the United States' independence, the national flag has been revised twenty-seven different times. Each time a state was added to the union, another star was added to the top left corner of the flag. The most recent version of the flag was recognized in 1960 when Hawaii became a state. The evolution of the United States flag is therefore not only a history of an American symbol but the history of this country's land and people. The flag is a unifying symbol that binds together Americans from the east to west, north to south.

Each state has a star sewn into a blue background that represents vigilance, perseverance, and justice. The red stripes symbolize valor whereas the white means purity and innocence. Although the design of the US flag was altered - and may continue to alter - as states were added, the red, white, and blue remains unchanged. These colors represent characteristics of the American people throughout history, across the nation.

The Flag of the United States is also a symbol of freedom and patriotism. As such, the Flag of the United States often flies most prominently during times of national crisis and mourning. Since our struggle during the Revolutionary War, the Flag has served as a symbol of unity which has galvanized an injured nation during times of conflict, such as the War of 1812, the First and Second World Wars, and the Civil Rights Movement. The Flag also worked as a symbol of union during periods of tragedy such as during 9/11.

We have also seen the Flag as a rallying cry during periods of national celebration. The moon landing in 1969 was among America's greatest accomplishments, and one of the most famous images of that event is of the Flag of the United States being planted on the moon's rocky surface.

Only time will tell what future events will become moments in Flag history.

Wakeup Call

A recent poll was conducted by the national polling outfit "YOUGOV" (<http://YouGov.com>, - Paid Online Surveys*). These are some of the results from select questions.

What percentage of the country is black? Answers 41%, **Actual 12%**

What percentage of the country is Latino? Answers 39%, **Actual 17%**

How many families make over \$500,000 a year? Answers 26%, **Actual 1%**

What percent of Americans are vegetarians? Answers 30%, **Actual 5%**

What percent of Americans live in NY city? Answers 30%, **Actual 3%**.

What percentage of Americans are "transgender?" Answers 22%, **Actual 1%**

What percentage of your fellow citizens are Gay? Answers 30%, **Actual 3%**

So why do people have such inaccurate thoughts on these counts? **Answer: THE MEDIA!** The media runs race, gender, and wealth stories constantly. As a result we are being brainwashed by the national left with media.

Disney just went full on "gender neutral." They will no longer welcome guests with the traditional "Welcome ladies and gentlemen, boys and girls." Why? Because 1% of the population dictates to the other 99% (that would be the vast majority). Regardless of what you think, less than 20% of Americans use "twitter" – yet twitter controls 80% of public opinion. Why? **THE MEDIA!**

Now that you know the facts, remember the liberal-based Media gives out misinformation.

The Missing Man Table of Remembrance

The Missing Man Table is our humble way to Remember and Honor the sacrifices of those fallen, missing, or imprisoned during Military Service. Each table has basic elements and each table is unique, signifying those who are missing, but

NOT forgotten.

Round table - Unending concern

White cloth - Purity of their motives

Single red rose for shed blood

The red ribbon symbolizes our continued determination to account for them (the missing in action)

Lemon slice - Their bitter fate

Salt - Countless tears shed for them

Lighted candle - Hope for return - dead or alive

Bible - Faith to sustain us

Inverted glass - Their inability to share a toast

Empty chair - They are not with us

Thank you to member Melissa Vagujhelyi who arranges our Missing Man Table each month.

Primary Elections are here!! Early voting begins May 28th. Get your sample ballot for early voting.
