Thanksgiving

Empowering Republican women to have an important voice at the political table

It's showtime folks!

By now, there are only a few days left of 'early voting' and 8 days 'til ELECTION DAY. Get out and VOTE! Help your family, friends, neighbors and seniors by providing them with the slate of Republican candidates are right here in this newsletter. It really helps!

Many members are poll watching and poll working. All campaigns still need phone calls made and neighborhoods walked-right up to Election Day! We can't THANK our WRW members and volunteers enough for all the hours that have been donated to this election, yet we still need your help right up to Nov. 8th. Let's all get on board and work to make Nevada Red Again. This is our time to change the direction of our state and country. Come join the fun, stay involved, sign up for our monthly luncheons, and renew your 2023 WRW membership today.

October Luncheon

A wise woman once said, "We must create the life we want to live." That is just what's happening with our candidates in the Washoe County local elections and WRW lent its full support at the October 19 luncheon. WRW guests gleaned a lot of information at the meeting. Candidates Eddie Lorton, Sam Kumar, P.K. O'Neil, Bruce Hahn, Lisa Krasner, Sigal Chattah, Nicole Klitzke, and Colleen Westlake spoke about their races and how we can all help them win their seats. Alex Bacchus spoke about the Lombardo campaign's status and thanked WRW members for the work they have done for the Lombardo for Governor campaign. Aaron Klatt recruited poll watchers and volunteers. All encouraged everyone to vote and get friends and family out to vote. Vote, vote, vote! Let's push this Red Wave over the top!

ELECTIONS IN THE UNITED STATES

Elections in the United States are held for government officials at the federal, state, and local levels. At the federal level, the nation's head of state, the president, is elected indirectly by the people of each state, through an Electoral College. Today, these electors almost always vote with the popular vote of their state. All members of the federal legislature, the Congress, are directly elected by the people of each state. There are many elected offices at state level, each state having at least an elective governor and legislature. There are also elected offices at the local level, in counties, cities, towns, townships, boroughs, and villages; as well as for special districts and school districts which may transcend county and municipal boundaries.

While the United States Constitution does set parameters for the election of federal officials, state law, not federal, regulates most aspects of elections in the U.S., including primaries, the eligibility of voters (beyond the basic constitutional definition), the running of each state's electoral college, as well as the running of state and local elections. All elections—federal, state, and local—are

administered by the individual states. The restriction and extension of voting rights to different groups has been a contested process throughout United States history. The federal government has also been involved in attempts to increase voter turnout, by measures such as the National Voter Registration Act of 1993.

NEVADA 2022 BALLOT MEASURES

QUESTION 1: EQUAL RIGHTS AMENDMENT (VOTE NO)

A "yes" vote adds the following to the Nevada Constitution:

Equality of rights under the law shall not be denied or abridged by this State or any of its political subdivisions on account of race, color, creed, sex, sexual orientation, **gender identity or expression**, age, disability, ancestry or national origin.

This amendment would allow biological males to compete against females in sports and scholarships and allow males in female's bathrooms, showers and locker rooms. It would also take away parents right in regards to gender altering surgery and medications for minor children. Taxpayers may be forced to pay for abortions.

QUESTION 2: NEVADA MINIMUM WAGE AMENDMENT (VOTE NO)

A "yes" vote supports amending the state constitution to:

- increase the minimum wage for all employees in Nevada to \$12 per hour by July 1, 2024;
- remove the existing annual inflation adjustments to the minimum wage; and allow the state legislature to pass a minimum wage law setting the rate higher than the constitutionally mandated minimum.

A "no" vote opposes this amendment, thereby maintaining the existing increase of the minimum wage to \$11 for employees receiving health benefits and \$12 for employees not receiving health benefits by 2024 with annual inflation adjustments required by the state constitution. The government should not be in the business of dictating wages.

QUESTION 3: NEVADA TOP-FIVE RANKED CHOICE VOTING INITIATIVE (VOTE NO)

A "yes" vote supports establishing open top-five primaries and ranked-choice voting for general elections, which would apply to congressional, gubernatorial, state executive offices, and state legislative elections. The open primary system is currently used in California and is commonly referred to as a jungle primary. All candidates for elected office run in the same primary regardless of political party. Ranked choice voting can remove your vote from your preferred candidate and give it to another candidate. The rules are complicated and there are problems in the few places where it has been tried.

A "no" vote opposes establishing open top-five primaries and ranked-choice voting for general elections, which would apply to congressional, gubernatorial, state executive offices, and state legislative elections.

PLEASE VOTE NO ON ALL MEASURES
